KITE CRAFT

How to make it:

- Out of a piece of white paper, cut out a kite shape. Let your child paint. (Crayons, Markers, Watercolors, etc.)
- Get out another piece of white paper and have your child paint it however they desire
- After the papers have dried, use a hole-punch to make a small hole in the bottom corner of the kite.
- Cut a long piece of yarn (however long you want it for the kite string), and tie it through the hole.
- Out of the other sheet of painted paper, cut out 3 (or more) bow-shapes. Start at the top of the kite string and tie the yarn around each one, working your way down the string.
