Little by little...it adds up!

Myerstown National Night Out 2017

Try LFCU's Coin Counters @ 3 office locations! Start collecting and saving your change!

Most kids have big dreams. Be a dream achiever and start saving your money.

Think: \$1.67 a day!

If you're 13 years old and you save \$50 every month until you're 18, you'll have \$3,000. You might think, "I can't save that much a month!"

Oh, yes you can! Think about it in smaller amounts. Fifty dollars a month is about \$12.50 a week, or \$1.67 a day. An easy way to save \$1.67 a day is to skip the cafeteria and take your own lunch to school. If you don't get an allowance, you can save some of your birthday and holiday money. You also can do odd jobs for your family, friends, and neighbors on weekends and during your summer vacation.

If \$50 a month is too much to manage, set a smaller goal. The main idea is to get started and to be consistent. You can raise your goal later. Once you've collected your change & cash, try LFCU's coin machines and see how much you've saved!
