

Caterpillar Pom Pom Craft

Pom poms are a great crafting material (good for fine motor skills too), they can be a very inexpensive material.

What you need:

- a whole lot of pom poms
- googly eyes
- green construction paper
- white school glue
- dark green marker
- scissors

- Draw a leaf on the green construction paper.
- Cut the leaf shape.
- Apply white school glue. Make an S shape.
- Start placing small pom poms, following the glue line.
- Add two google eyes on a larger pom pom. Glue the large pom pom on the leaf.

You have finished your caterpillar pom pom craft!

THE SCIENCE OF SAVING

Savings gives you POWER!

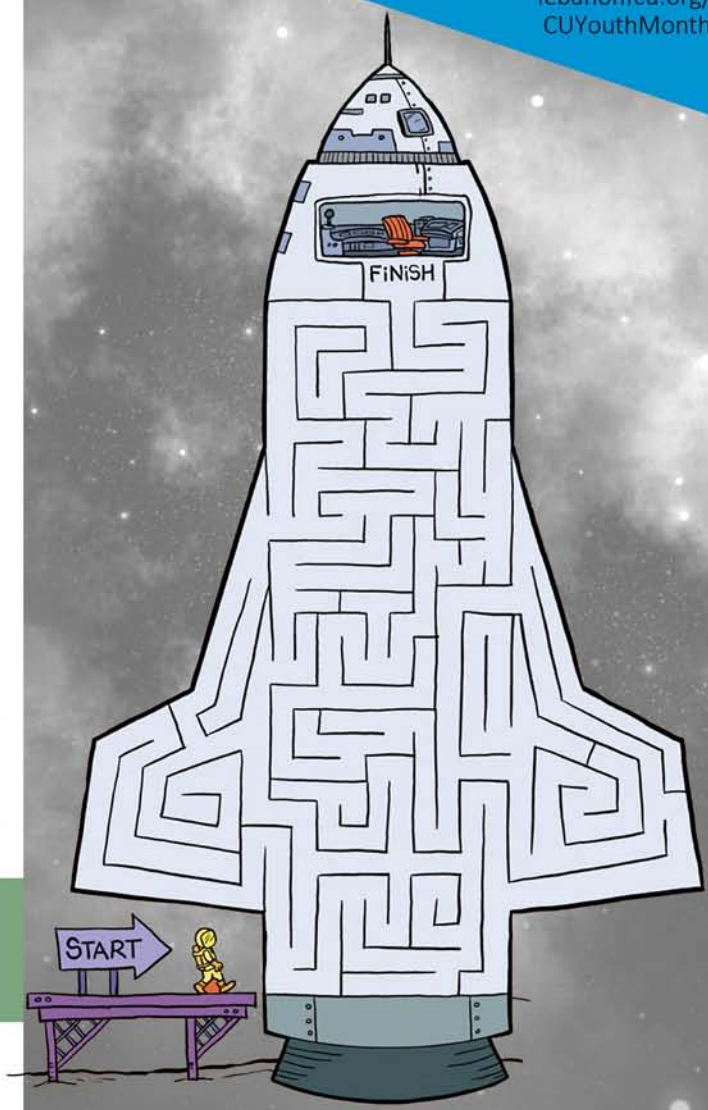

How many times have your parents said this? "Sorry kiddo, we don't have money for that right now." What if you didn't have to ask your parents for money? What if you had your own?

That's the power of saving. How do you save? You put money in your piggy bank. If you have enough money in your bank, you can begin to buy things for yourself. And if you put some money in the big bank in your neighborhood, you can earn even more money!

How do Credit Union's work? And how much should you save?

When you're ready, you can come see a friendly representative at Lebanon Federal Credit Union and we'll help you save!

Science has shown that goals are easier to achieve if you can clearly picture them. Creating a "dream board" is a fun and easy way to help you achieve a savings goal!

You can create a "dream board" with the help of your parents. You start by cutting out pictures of an item that you want and pass them on a large sheet of paper. Add a timeline showing \$0 at one end and the price of the item on the other.

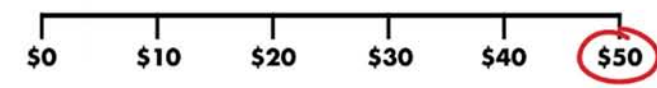

Start with a piggy bank or savings jar with the goal to fill it with bills and coins until there is no room!

When the piggy bank is full, take your piggy bank into the credit union to open a savings account and deposit your money. You will learn that your money will grow now, earning interest, while it remains in your credit union account.

Mark off the amount you saved on the timeline.

Continue this routine until you have saved enough to purchase your dream item!
